EXPERIENCE

CG-VAK Software & Exports Ltd. March 2026 – August 2026
Software Developer Trainee Coimbatore, Tamil Nadu, India

- Gained hands-on experience in frontend development using HTML5, CSS3, JavaScript, jQuery, and Bootstrap 5.
- Developed responsive web interfaces and interactive UI components for web development projects.
- Practiced SQL and MongoDB concepts for database-related tasks.
- Used Git and GitHub for version control and Jira for task tracking.
- Learned Software Development Life Cycle (SDLC) concepts and applied them during development exercises.
- Worked with GSAP and Scroll Trigger to implement animations in a website project.
- Developed projects such as Hospital Appointment System, To Do List, Student Assignment Submission System, Sonic Keys, Food on wheels, and Calculator.
- Duplicated several existing websites (like GeekforGeeks, Vedaanta-senior-living, ACE-Craft and HMT Watches) to improve front-end development skills.

Madhavaa Crafts Pvt. Ltd. April 2025 – May 2025
Software Developer Intern Coimbatore, Tamil Nadu, India

- Built a software solution to manage import, export, inventory, and warehouse operations using QR code technology, reducing manual effort, and improving operational efficiency.
- Worked across the stack with MySQL, Express.js, React.js, and Node.js, contributing to both data modeling and UI implementation.

PROJECTS

Hospital Appointment System October 2026

- Developed a responsive Hospital Appointment Management System to simplify patient registration and appointment scheduling.
- Implemented CRUD operations to create, view, update, and delete patient and appointment records using JSON Server APIs.
- Built patient and administrator interfaces to manage appointment requests and track their status.
- Integrated API-based data retrieval and updates using JavaScript and jQuery.
- Designed responsive user interfaces with Bootstrap and CSS to improve usability across different screen sizes.
- Implemented search, filtering, and form validation to improve appointment management and data entry.
